Sunny Sprout

10' 7" x 6' 9½" x 8' 2½"

Key Product Features

- **Sustainability & Quality:** Products are made with eco-friendly, durable materials.
- **Safety-First Design:** All structures are built with **LLDPE (rotationally molded plastic)** and **galvanized steel**, ensuring they are weather-resistant and have smooth, rounded edges to prevent scrapes.
- **ISO9001, ISO14001, and IPEMA certified.**

Structural Points

- **Cool-Touch Plastics:** The **LLDPE** plastic used is **UV-stabilized**, which helps the slides stay significantly cooler in direct sunlight compared to older plastic models.
- **The "Two-Touch" Rule:** Every transition (like moving from a ladder to a platform) has at least two points of contact (handrails or grips) to help build the confidence to explore higher levels.

Evergreen Adventure

18' ½" x 11' 9¾" x 14' 9"

Emerald Fortress

26' 3" x 20' x 12' 9½"

Inclusive Interaction

- **Mobility Aspects:** Ramp access points, ground level features, and many more components allow physically impaired children to navigate freely.
- **Age-Appropriate Heights:** Structures are categorized by age to ensure that challenges are developmentally suitable and safe.

Ivy Hollow

20' 10" x 16' 4 $\frac{3}{4}$ " x 15' 9"

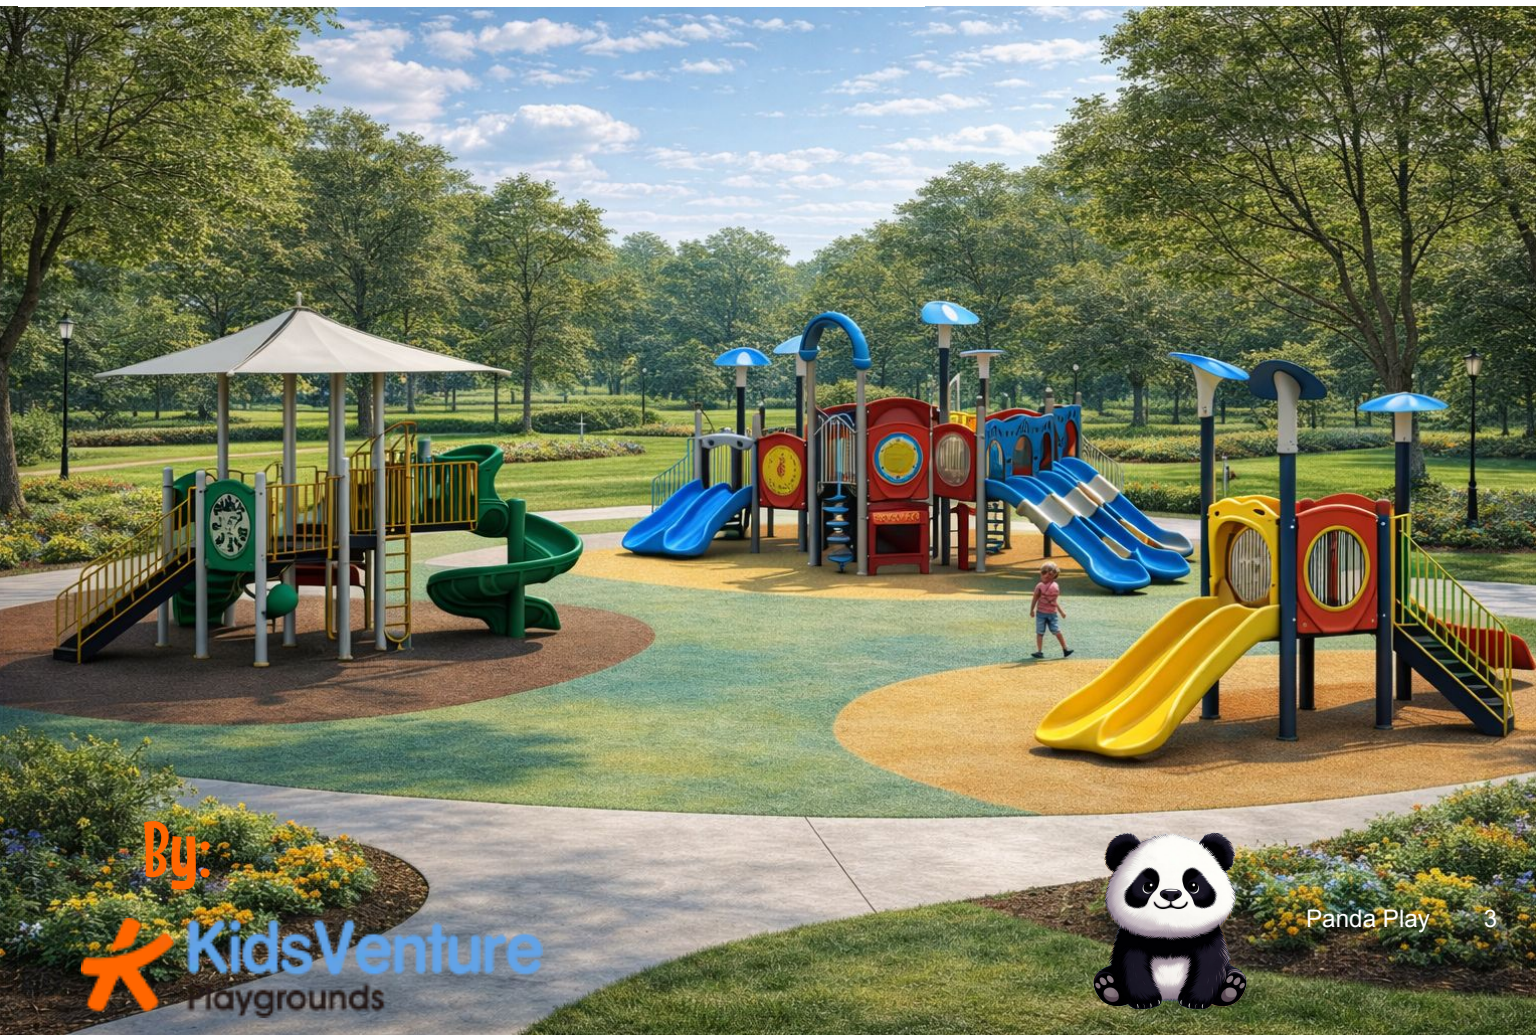

Willow's Landing

20' x 9' $\frac{1}{2}$ " x 10' 9"
